

Math and Reading Buddies

Student Application

Are you looking for extra help for your child in math or reading? Get a Math or Reading Buddy! The **Buddies** program individually pairs high school volunteers with elementary school students who need to practice their math or reading skills. The **Buddies** usually meet for one hour per week at the Library—meeting times are set up by you and the volunteer. The Youth Services Department hopes you will consider participating in this successful program!
