Monroe Township Library Math and Reading Partners Summer 2011 Student Application

Program Information

Math and Reading Partners is a summer program for students who have completed Kindergarten-5th grade. Students are individually paired with an adult or high school volunteer from the community who will help them practice their math skills **and/or** reading skills over the summer months.

- This year's Math and Reading Partners program will take place between **July 5th and August 26th, 2011**. Partners typically meet at the library **once a week**, with sessions lasting approximately **30 to 45 minutes per week**. Once paired, you and your child's partner determine a mutually convenient time to meet at the Library each week.
- Students must be able to meet with their partner for at least **4 sessions** during this period to participate.
- Successful pairings depend on the number of volunteers available in the subject(s) requested and mutual availability.
- Completed applications need to be submitted to the Youth Services Department by **Friday, May 13th, 2011**.
- You will be contacted **via mail during the first week of June** to let you know if we were able to match you with a volunteer. If you are matched at that time, you will receive more details about the program as well as contact information for your Math and Reading Partners volunteer.
- There will be a "Meet and Greet" for all new partners on **the morning of Monday, June 27th, 2011**. Further details about this "Meet and Greet" will be sent in June with your partner's contact information.

Math and Reading Partners Student Application

Please Print Clearly

Date: _____

Child's Name: _____

Gender: M F

Grade Completing in June:

K 1 2 3 4 5

Parent/Guardian Contact: _____
