Monroe Township Library Math and Reading Partners Summer 2011 Volunteer Application

Program Information

Math and Reading Partners is a summer program for students who have completed Kindergarten-5th grade. Students are individually paired with an adult or high school volunteer from the community who will help them practice their math skills **and/or** reading skills over the summer months.

High school volunteers may receive community service hours by participating. The Youth Services Department hopes that you will consider volunteering for this successful program!

- This year's Math and Reading Partners program will take place between **July 5th and August 26th, 2011**. Partners usually meet **once a week** and sessions last approximately **30 to 45 minutes per week**.
- Volunteers must be able to meet for at least **4 sessions** during this period to participate.
- Completed applications need to be submitted to the Youth Services Department by **Friday, May 13th, 2011**.
- You will be contacted **via mail during the first week of June** to let you know if we were able to match you with a student. If you are matched at that time, you will receive a welcome packet, as well as contact information for your partner and their family.
- There will be a "Meet and Greet" and orientation for all new partners on **the morning of Monday, June 27th, 2011**. Further information about this "Meet and Greet" will be included in your welcome packet.

Thank you for your interest in volunteering with us!

Math and Reading Partners Volunteer Application
